AIMS AND PURPOSES OF THE INSTITUTION

Besides achieving the aim of any good education to discover and develop to the full, the finest qualities in a human being, the institution tries its best to inculcate in every student the true spirit of social awareness. To serve man is to serve God. Every student therefore must cultivate respect for and interest in the welfare of the other. This is the true way of formation of character, discipline and individual personality according to the need of the time. The institution therefore will provide opportunities for the physical and spiritual growth of the child. Value Education is obligatory for all students, since the formation of a sound moral character is in the truest sense the worthy objective of education. Value education is an integral part of the time-table.

Upliftment of the poor and seeing to their welfare is another aim of the institution. The Gandhian vision of education which is a beautiful blending of Art, Craft and Education is proposed for the new system of education. The school integrates work and community services with studies.

A student today is no longer a passive recipient of knowledge but is actively involved in the learning process. Personalized education is therefore introduced in all the classes, where freedom is of prime importance for achieving personal relationship. To develop the right atmosphere, a student is taught to relate with others in a climate of freedom.

Fransalian School of Excellence is not only ready to discover and re-discover education, as it is very urgent and exigent but also always ever ready to venture into holistic development and plan that education is essentially being ever vigorous and vibrant, ever anew and different, ever creative and constructive, ever on fire and passion. Nothing should cool its flames and should lead everyone to involve to evolve.

CONCLUSION

We reaffirm the Motto **Aspire to Excel** - our Alma Mater 'knowledge, love and service and march ever onwards and scale greater heights.

Dare not to enter, if you love not teaching, for the way is steep and rugged is the road. Thornes and thistles strew the path; but fragrant blossoms bloom between to cheer you on. Here, no trumpets sound, no chariots wait, no golden decorations are decreed but yours is the joy of moulding our youth, of rousing the indolent, cheering the plodder, steadying the unstable, encouraging the eager. Wealth and fumes the world knows them lie not this I way -but yours is the thrill of conquest: Victory over ignorance and superstition. Dark is the night and dreary the day; obstacles beset you all the way - but yours is the pride of kindling the fires that in later years shall banish darkness forever from our land. This is your reward.

So dear Fransalian School of Excellence strongly believe that "God has created us (Fransalian School of Excellence' Staff) to do Him some definite service; He has committed some work to us which He has not committed to another. Fransalian School of Excellence' Staff have a very clear mission.... we are a link in a chain, a bond of connection between persons (Teachers + students + Parents). We shall do well; we shall do His work. We shall be an angel of peace, a teacher and agent of truth.
